PRESIDENT’S NOTES
by Jenny Ison Stigers

Greetings, Dear Friends:

Hopefully, 2006 is off to wonderful beginnings for each of you! In January, I had the pleasure of going to IU to visit with the residents. What a superb and enthusiastic group of young professionals! Please take the time to get to know them in Cincinnati. We must remember that the vitality of our organization depends on the sense of camaraderie and participation of our more recent alumni. Let’s show them what makes IUPDAA so special.

The residents expressed appreciation for alumni support (especially through the Adopt-A-Resident program) and look forward to the AAPD annual session. In preparation for the hospitality suite, they will be contacting you for donations for the raffle/auction. Please notify your receptionists to expect their call, take a minute to speak with them, and help support the suite in Cincinnati.

Bill Keaty is working on our alumni activities for the AAPD annual session. The suite will open on Thursday, following the AAPDF CE course and will remain open through Sunday night. Bill’s report will provide greater details of the activities.

Barry Burgess is busy planning the 2007 biennial meeting and will share specifics as they become available. Please mark those dates on your calendar.

Thanks for your generosity following our annual contribution letter. Such support is crucial to continuing our alumni events. Karen Deery, senior director of alumni programs, plays a major role in the ongoing activities of our organization; her expertise and commitment truly help in the success of our organization. Thanks, Karen, from all of us!

I’m sure by now that you have heard about our AAPD President, Pitts Hinson, suffering a heart attack. Please remember him in your thoughts and prayers.

May your spring be delightful and your travels safe. Hope to see you in Cincinnati!

JIS

A Need for Help
by Bill Keaty

As most of you already know, Cliff Dummett has been suffering with a tumor of the brain and has been fighting this heroically over the last several years.

In the meantime, he has maintained his position as the head of the Pediatric Dental Department of LSU School of Dentistry. Recently though he has been forced to resign mainly on orders of his doctors. Cliff, according to Dean Hovland has contributed greatly to the pediatric dental department. Even though he has had to fight this serious illness, he has still done a champion job.

Cliff is currently living on the boat, which is docked in Baton Rouge, housing the medical and dental students who were forced to leave New Orleans due to the recent disaster. The boat of course is not a luxury situation at all, the quarters are small and sparse. He and his wife will be staying there for the next few months.

As you know, LSU School of Dentistry has been hit by the hurricane and just this past week it was learned that it would be uninhabitable until late 2007. Therefore, the LSU School of Dentistry has set up headquarters in some abandoned buildings on the south side of the LSU campus in Baton Rouge. According to Dean Hovland, the needs of the school are great.

Because of Cliff’s recent inability to continue as department head and because of his dedication and love of the LSU School of Dentistry, particularly the Department of Pediatric Dentistry, I thought it fitting that we contribute much needed funds in his name to the Pediatric Dental Department at LSU. I spoke to Dean Hovland and he feels like it would make Cliff very proud indeed and is something that would be very helpful at this time.

As I mentioned to you, the needs are great and I propose that we send our checks made out to the LSU School of Dentistry Health Science Center Foundation (tax-deductible) to Karen. She will then bundle them and mail them as a gift to the school in Cliff’s name. The Dean has indicated that he would like to place a plaque indicating that contributions were made from the Indiana University Pediatric Dentistry Alumni Association when they get back into the school.

I am sending a $1,000.00 contribution to Karen today and would like very much for each of you to consider donating to this
News from Riley
by Brian Sanders, Graduate Program
and Riley Clinic Director

We have accepted our new class of Pediatric Residents for 2008. Samuel Bullard is a 2002 graduate of Indiana University. Brad Dawson will graduate from the University of Nevada Las Vegas in 2006. Charles Fuhrer is a 2004 graduate of Indiana University. Danielle Haman-Smith is a 2005 graduate of the University of Louisville. Diana Kozlowski will be graduating from Indiana University in 2006 and John Patangan who is currently in the Navy, and is a 1999 graduate of Tufts University. Welcome.

There are other changes to note. Starting with the incoming class, the graduates will be required to obtain a Master of Science degree. Our residents have traditionally completed excellent research projects and have not taken the last step to complete their thesis. Indiana University School of Dentistry has modified the requirements and residents may obtain a Master of Science degree by either submitting a bound copy of their thesis or a paper submitted for publication. With this change in requirements we expect it will be easier to complete their projects within the two year residency. We also feel that the published works will enhance not only the stature of our program but the specialty of Pediatric Dentistry.

We are excited about the recent addition of the Scan-X digital X-ray system to our clinic. This was made possible by a generous donation from the McDonald Pediatric Dentistry Endowed Professorship. The new digital X-ray system has come with a learning curve especially for those that have been around for awhile. We expect that by this time next year we will have adjusted as we keep up with the ever changing advancements in technology that we provide to our residents.

Latest News on the 2007 Biennial Conference

Please mark your calendar for our next biennial conference. The 2007 Biennial Conference will be held on June 22 and 23 in Indianapolis. Barry Burgess, 2007 Conference Chairman, is still talking to several potential speakers and sponsors. If you have any ideas for speakers, please contact Barry Burgess as soon as possible. The conference will be held in the newly renovated University Place Hotel on the IUPUI campus. If you were here in 2005 you will be pleasantly surprised at the beautiful hotel. The $13 million renovation was just completed and includes all hotel rooms, restaurants, and the Ballroom. For more information about the renovation, go to www.universityplace.iupui.edu. To make hotel room reservations, please call 317-231-5160. Say you are with the IU Pediatric Dental Alumni Group for our discount alumni rate. We are still searching for a unique site to hold our Saturday evening dinner. More information on the IUPDAA 2007 Biennial Conference will be in the fall newsletter.
A New Level of Excellence
by Jim Jones, Pediatric Dentistry Division Director

It’s been an experience being back in full time dental education after 12 years in administration. Becoming re-acquainted with the School of Dentistry, my colleague faculty, Riley Hospital and, most importantly, the 12 Post Graduate Residents in the program has been exciting. The residents are the future of our specialty and they are an outstanding group of individuals. It is a privilege to participate in their education.

Each alumnus can recall time in their respective graduate programs at IU. The hard work, the trying moments and the special memories. Since my return, I have devoted a considerable amount of time looking at where we are as an educational program and what tasks are needed to take us to a new level of excellence. I firmly believe that the time has come for IU to again take the undisputed leadership role, both at the undergraduate and graduate level, in pediatric dental education. The following goals I am proposing are aggressive and will be difficult to attain. What really important things in life are not? The two areas I am most interested in addressing are:

Establish a Pediatric Dentistry Research Professorship

Beginning with the graduating class of 2008, all pediatric dentistry graduate students will be required to complete the MSD degree during their time in the program. To address this requirement, a significant increase in the time and effort must be dedicated to research for both students and faculty. With over 4,000 patient visits per year in the undergraduate dental clinic, combined with over 18,000 patient visits per year in the graduate dental clinic at Riley, demands on faculty and students to “cover the clinics” are significant. Riley Dental Clinic is the second busiest clinic in the Hospital (and almost number 1!!)

One component that IU Pediatric Dentistry is particularly weak, both at the undergraduate and graduate levels, is a concentrated effort to conduct and publish research important for the specialty. Research seeks to solve problems for the profession and develop solutions that can be used to improve practices. In the past IU Pediatric Dentistry was at the center of such research. It is, to a significant extent, what made us great!! To reach a new level of excellence, we must again accept the challenge and take a leadership role in research. Although no one individual can do this alone an environment conducive for research can again be established. The successful candidate for this position will have a strong record of scholarly research and publication, and the potential for attracting significant external funding for research. This will be an expensive undertaking requiring a significant commitment from the Department. As with the present arrangement with the IU Foundation, only interest earned from the funds corpus would be used to establish the Professorship. The total amount of funds needed for the Professorship is $600,000.

Enhancement of the McDonald Pediatric Fund

Established in 1971 by grateful pediatric dentistry alumni of Indiana University and Riley Hospital, and in honor of Dr. Ralph E. McDonald, this fund provides enhancements specifically for the Advanced Pediatric Dentistry Educational Program. It can be used for a wide range of projects to strengthen the program. Several years ago this fund also became the financial arm of IUPYDAA and monies previously received by IUPDDA as dues and donations are now additional donations to the fund. The funds flexibility is significant in that immediate support can be provided as emerging needs arise.

This fund would be especially important in addressing laboratory equipment needs for the new research position. At this time, the University provides no equipment funds to help attract research positions. As with the present arrangement with the IU Foundation, only interest earned from the funds corpus would be used to address program needs. The total amount of funds needed to accomplish this goal is $600,000.

Where do we go from here?

So here we are. A total developmental goal of 1.2 million dollars. An aggressive goal? You bet!! In preparation for the Campaign I am very pleased to announce that Dr. Burton Horwitz has agreed to serve as Co-Chair of the Leadership Council. We are in the process of recruiting approximately 25 members to participate in the Leadership Council at this time. We hope to have these members in place prior to the AAPD May meeting in Cincinnati. During the Meeting a presentation will be made to Alumni in attendance to update them on the progress of the Campaign. Ms. Pam Lovejoy, from the School of Dentistry’s Development Office, will also be available to answer any questions concerning the process. I look forward to discussing this project with you in the future. Please contact me if you have any questions.

A Need for Help continued from page 1

very worthy cause. The school is completely decimated and the faculty and students are working under incredibly difficult circumstances. There are monetary needs for equipment, supplies and even helping students with books and research projects that were lost etc. This money will be given to the Pedo Department to use as they see fit to ease the pain.

Should any of you have questions or wish to know more about this please do not hesitate to call me at 337-981-9242 or contact me by email at keatydds@cox-internet.com. Or if you would like to know more about the LSU School of Dentistry and the devastation go to the website http://www.lsusdk.edu/important_links_katrina.htm. The Dean’s messages are particularly poignant along with the New Orleans campus update.

Respectfully,
William Keaty, DDS
Welcome Class of 2008

IUPDAW would like to welcome the Class of 2008. Pictures of the class are below. Their name and the dental school they received their DDS degree is listed as well.

Sam Bullard, DDS
IUSD 2002

Brad Dawson, DMD
University of Nevada
at Las Vegas - 2006

Charles Fuhrer, DDS
IUSD 2004

Danielle Haman-Smith, DMD
University of Louisville - 2005

Diana Kozlowski, DDS
IUSD 2006

Orbito ‘John’ Patangan, DMD –
Tufts University - 1999

Adopt-A-Resident Program

Thank you so much for all the donations to the Adopt-A-Resident program for 2006. The donations help cover the travel cost for the residents attending the 2006 academy meeting. Full adoption is $1000 or you may partner with another alumnus for $500 each.

Contact Karen Deery for details at 866-267-3104. Adopt-A-Resident contributions are tax deductible.

A big thank you to the following people who have donated to the 2006 Adopt A-Resident Program:

Harry Bopp
John Deppen
Dennis Duffield
Annette Farthing
Don Gardner
Burton Horwitz
Bret Jerger
Evan Long
Rob Long
Gayle Nelson
P. Todd Rose
Chuck Kerkhove
Matt Pate
Wavel & Laura Wells

Class Notes

Stephen L. Fehrman, MSD ’72, wrote to say he is completely retired and not practicing dentistry.

Andrew C. Guthrie, MSD ‘02, became a Diplomate of the American Board of Pediatric Dentistry in May 2005.

B. Charles Kerkhove, MSD ‘65, is the past president of the American College of Dentist. He retired on July 10, 2005. His practice was taken over by Mark Ellis.
What Is New at the Riley Clinic?

by Donna Bumgardner

Since the last article that appeared in the IUPDAA newsletter, there are several changes to report:

Carol Hawkins has accepted a job closer to her home and her last day at Riley was March 10th. We are currently recruiting a new secretary/receptionist for the administrative office. We now have 21 full-time staff members working in the clinic including 12 dental assistants, 3 hygienists and 3 administrative support staff.

Changes to our list of faculty: Dr. James E. Jones joined our full-time faculty in September 2005. Dr. Suzanne DeBall resigned last summer and we are still in the process of recruiting a new full-time faculty member to fill that position.

Two of our part-time clinical faculty have moved on to pursue their private practices. Dr. Myrna Janer is now practicing in Cicero, Indiana and Dr. Kimberly Porapaothon is practicing in northern Indiana. Dr. LaQuia Walker has joined the clinical faculty at Riley and currently staffs on Monday afternoons.

Dental Clinic Statistics for Fiscal 2005: There were 19,238 patients seen in the dental clinic, for an average of 1603 per month. Total new patients seen = 2151 averaging 179 new patients each month.

In addition to the new ScanX Digital Radiography equipment in the clinic, we have a new patient record filing system and new computers in the operatories.

Congratulations to Jodi Spencer and Swati Singh. The 2005 graduates gave birth in the past few months. Jodi had a baby girl in September and Swati had a baby boy in February.
Indiana University Pediatric Dental Alumni Association  
Cincinnati Information Regarding Suite at AAPD 2006 Annual Session

We will have our alumni suite in the Hyatt Regency Cincinnati Hotel for the AAPD Annual Session. Our suite number has not been given to us. If we are able to get the suite number before the conference, we will send a note to everyone. There will be a sign in the Hyatt hotel lobby as well as the other two conference hotels to let you know the suite location. The Hyatt Regency Cincinnati is located at 151 West Fifth Street. Thursday the suite will open and remain open through Sunday night. Saturday night is our annual alumni party with surprise entertainment!

2006 Annual Session  
American Academy of Pediatric Dentistry  
Poster Clinic Presentations by Indiana University Residents

- Parnaz Barnajian, DDS: Distraction & Pharmacologic Methods of Behavior Management During Pediatric Dental Procedures
- Ryan Murphy, DDS: Use of Analgesics in Post-Operative Pain Control by Pediatric Dentists
- Angela Pinkerton, DMD: Evaluation of the Anticariogenic Proportions of a New Modified Glass Ionomer Sealant Material
- Michael Roseff, DMD: Idiopathic Premature Exfoliation of Teeth: A Case Report
- MaryKate Rusnak, DDS: A Survey of Oral Care Practices for Children Undergoing Hematopoietic Stem Cell Transplant
- Joseph A. Guido, DDS: Periorbital Cellulitis: A Case Presentation
- Matthew Lahair, DMD: Space Maintainers—DeNovo vs. Lab Fabricated: A Retrospective Study
- Gregory Sheppard, DDS: Pre-auricular Lymphadenopathy: A Case Report
- Amy Westerman, DDS: Neuroblastoma: A Case Study
Alumni Events Planned for the AAPD Meeting in Cincinnati
by Bill Keaty

Mark your calendar to attend our alumni suite in Cincinnati for the 2006 AAPD Meeting. There are many fun activities that have been planned for our suite. In addition, you can catch up with your Indiana alumni friends. Our suite will open at 4:00 p.m. on Thursday, May 25, and will stay open through Sunday, May 28. We will be located in the Hyatt Hotel. Look for a sign in the lobby with the suite number. If we are able to find out the suite number in advance, we will send a postcard to everyone with the location. Some of the activities planned include an update of the pediatric dental program at IU, race party, auction and raffle, and very fun surprise entertainment. Look for a few additional surprises to go along with the normal suite activities. It is never a dull moment in our suite! The residents are in the process of asking for donations for the auction and raffle. If you have an item to donate, please call Karen Deery at 317-274-8959. A few of the items to date that have been donated include a condo for a week in Sanibel Island, Omaha Steaks, and an autographed NFL football signed by MVP Shaun Alexander. We still need many more items for the auction and raffle.

We hope you can attend!

Please consider donating an item to be auctioned off in the Alumni Suite Saturday evening. Suggestions include: weekend or week long getaways at Resort properties, hunting, fishing, or golf trips, gift certificates from national chain stores and restaurants etc. (Ex: Cabellas, LL Bean, Ruth Chris Steak House, Omaha Steaks, etc)

IUPDAA Auction Donation Form

Donor Name: ____________________________
Telephone: ____________________________________________
Address: ____________________________________________

Description of item/service (please include any pertinent details such as time restrictions, location of seats, number of pieces, etc):
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

Estimated Value: $ ____________________________

Special Instructions: ____________________________________________

You do not have to bring the item to the suite; arrangements can be made for the winner to contact you for delivery at a later date. Please fax form to Karen Deery @ 317-274-6589 before May 15th 2006.

* IU Suite will be in the Hyatt
Resident Life
by Angela Pinkerton

Greetings from the Resident Lounge! Life is moving along at lightning speed for each resident; busy with research, clinic, board preparation, and planning private practices. We are all looking forward to a change of pace at the AAPD meeting in Cincinnati. We hope you will stop by the hospitality suite for a drink and conversation. We would like to thank everyone who graciously donated to support the silent auction, raffle, and suite. We feel privileged to be a part of such a generous and thoughtful group. If you have not had a chance to make your contribution, it is not too late. Please contact any of us for assistance.

One hundred-twenty days and counting...down that is. The second year residents are just a bundle of emotions as graduation approaches. Anxious to begin anew, nervous of the impending debt we must address, and sad to leave the comfortable nest of friends Riley and IU have built for us.

Alas, it is time and after all the grumbling that we have done, we can now begin to appreciate the many things we have learned to prepare us for the next step. After graduation, most residents plan to associate with practices close to home. Katie Rusnak will be joining a practice in Indianapolis, Parmaz Barnajian will be associating with a practice in Los Angeles, California, and Michael Roseff will return to Florida to associate with his pediatric dentist in Palm Beach County. Ryan Murphy will open a new practice in Reno, Nevada and Caroline Derrow will start a new practice in Auburn, Indiana. Angela Pinkerton will continue service in the Navy as a pediatric dentist in Okinawa, Japan. The Class of 2006 will attend the Comprehensive Review Course in Tampa this month in preparation for the written boards the first week in May.

The first year residents are settling into the thick of the residency. All are beginning proposals for research projects on varied and interesting subjects. Look for their table clinics at the meeting in May. Matt Lahair is studying the success rate of laboratory fabricated versus pre-fabricated space maintenance appliances. Tammy Gierke is continuing a study on the in vitro response of neutrophils and monocytes to surface modified titanium. Amy Westerman is evaluating the cariogenicity of Pediasure. Gregory Sheppard is researching the effects of bisphosphonates on dental development in Osteogenesis Imperfecta patients. Joe Guido will study the caries rate and sugar consumption of various cities in Mexico and Lisa Leniski will discuss digital radiograph systems in pediatric dental practices. If that doesn’t fill your plate, the class of 2007 is also involved in several rotations to include two months of anesthesia, two months of Childhood Development Center, two months in the Cerebral Palsy Clinic, a new two week rotation in the Riley Emergency Room during peak hours to learn physical diagnosis, emergency management, admissions, and imaging. Oh yes, and don’t forget class, class, and more class. Now that’s a lot to chew on.

Even though we are so busy, everyone budgets time to unwind at a monthly resident dinner or two. Bazebeaux, PF Chang, Griffin’s Pub, and Asaka are a few establishments we frequented and families come too!

Look in the next newsletter where we reveal the identity of the Class of 2008!
PRESIDENT’S NOTES

by Jenny Ison Stigers

Hello again, dear friends. Seeing so many of you in Cincinnati was truly a delight! Dr. David Avery appeared to be handling retirement quite well, didn’t he? Thanks to Dr. Bill Keaty, Elvis, and the residents for entertaining us so royally in the hospitality suite. The second year residents you met in May are our newest alumni. Congratulations to each of them! I hope you introduced yourselves to Drs. Amy Westerman, Greg Sheppard, Matt Lahair and Joe Guido, the first year residents who came to Cincy. What a great group!

Your alumni association board met during the AAPD 2006 annual session. Dr. Leslie Tanimura will report on our discussions elsewhere in this newsletter. Thanks to Dr. Chuck Poland for agreeing to serve as our liaison to the IUUSD Alumni Association for another term.

I had the pleasure of being in Dallas recently during the ABPD oral examinations. Dr. Jeff Dean has done a phenomenal job developing the oral exam into a successful component of the board certification process. Numerous times in Dallas, I heard folks comment about the number of board certified IU graduates and about the fun and fellowship in the Hoosier’s hospitality suite at the annual session. At dinner one evening, several academicians were discussing possible extracurricular activities for their residents as well as ways to get alumni involved. How nice to be able to tell them that our organization sends residents from both classes to the Academy meeting and about our commitment to the residency program through the professorships and other ways. They seemed impressed and perhaps a little envious. IUPDAF is unique and your continued involvement and support are what make us so special. If you aren’t ‘officially’ active in our alumni association and would like to be, let me know. We can put your time and talents to good use on committees; and next year we will be electing a new director to the board. I appreciate the dedication of your current alumni officers, directors, and the IU faculty to making our association and the residency the best!

The annual donation notices will be arriving in your mailboxes soon. These contributions are tax-deductible. We hope that everyone once again will give generously. Perhaps

A Friend We Will Miss

(Below is the obituary that appeared in the newspaper.)

Dr. Clifton O. Dummett, Jr. passed away on Wednesday, September 13, 2006, in Baton Rouge, Louisiana of brain cancer. Age 62.

Dr. Dummett, a native of Chicago, Illinois, was a resident of New Orleans for the past 32 years until being displaced by Hurricane Katrina to Baton Rouge.

He is survived by Dottie Maynard Dummett, his wife of 37 years, his parents Dr. Clifton O. Dummett and Lois M. Doyle Dummett of Los Angeles, California.

Dr. Dummett was a graduate of Earlham College, Richmond, Indiana. He received his DDS and Pediatric Dentistry specialty degrees from Indiana University School of Dentistry, Purdue University, Indianapolis, Indiana in 1971. He also received a M.Ed. from the University of New Orleans in 1980.

continued on page 7

Bill Keaty wrote: “Cliff’s” incredible optimism and total lack of self pity, his incredible strength and his courage are most certainly characteristics that are rare to find in one individual. On top of this he was a kind, generous, and caring man who was respected by his students and his peers. Cliff was indeed a wonderful person, a true gentleman, and those of us who were lucky enough to have known him, even as an acquaintance, has benefited from his example. He will be missed but not forgotten.”

Cliff is pictured (second from left) with Vince Libertis, Bob Massebrown, Ralph McDonald, and Bill Keaty at the Alumni Suite in Cincinnati following the presentation of over $12,000 in donations made to IUSD by our alumni.

Graduate Program and Riley Clinic Update
by Brian Sanders

The class of 2006 have all completed their residency and received their certificates in Pediatric Dentistry. In addition, Dr. Ryan Murphy successfully completed his MSD. Dr. Mike Roseff is practicing in Royal Palm Beach, Florida. Dr. Caroline Derrow is starting a practice in Auburn, Indiana. Dr. Angela Pinkerton, who is with the Navy, has begun her tour of duty in Okinawa, Japan. Dr. Katie Rusnak is currently practicing in Indianapolis and will be moving to Alabama next year after her husband completes his Orthopedic Residency.

Dr. Ryan Murphy was the recipient of both the Ralph McDonald Research Award and the Baker Award. Congratulations, Ryan.

Our first year residents are Dr. Sam Ballard 2002 graduate of Indiana University, Dr. Brad Dawson, 2006 graduate of UNLV, Dr. Charles Fuhrer 2004 graduate on Indiana University, Dr. Diana Kozlowski 2006 graduate of Indiana University, Dr Danielle Haman-Smith 2005 graduate University of Louisville, and Dr. John Patagan 1999 graduate Tufts University. They have all survived their summer graduate courses and looking forward to spending more time in the clinic (at least I hope so). The second year residents are very busy and doing a great job adjusting to some of the changes initiated in the clinic. The residents are getting more opportunities to manage multiple chairs and utilizing expanded assistants than in the past. It is the intent of this schedule to better manage the day to day operations of a Pediatric Dental Practice.

The Pediatric Graduate Program successfully completed the ADA accreditation site visit in September as part of the Indiana University School of Dentistry accreditation process. We are proud to report that we received a very favorable review and no recommendations.

2006 McDonald Award Recipient

Pictured on the left is the 2006 McDonald Award Recipient Derek E. Zurn from Baylor College of Dentistry. He received the award at the AAPD Annual Session in Cincinnati. Also pictured is AAPD Past President and Editor Emeritus Ralph E. McDonald and Jenny Ison Stigers, President of the Indiana University Pediatric Dentistry Alumni Association.

Editor’s Notes
By Ralph McDonald

Jenny Ison Stigers has been named Chair of the Committee on Behavior of Guidance of the American Academy of Pediatric Dentistry.

There are 5 Indiana University graduates that were inducted in May as new diplomates of the American Board of Pediatric Dentistry. They are:

- Mark Boone
- Julie Collins
- Melissa McHenry
- Kim Porapaiboon
- Anokhi Dahlia

President’s Notes continued from page 1

this will be the year that you will ‘adopt’ a resident. Please keep in mind the residency program’s long term needs, in our comprehensive campaign.

I hope each of you will be able to enjoy the upcoming holidays with your loved ones. Since we were together in Cincy, the passing of time has brought great joy to some of our IU friends and sadness to many. Please join me in sending "Best Wishes" to Karen Deery Jones for her recent marriage. Please continue to keep the family of Dr. Cliff Dummett in your prayers. I am so glad Cliff was able to join us in Cincinnati. We hope all of our alumni will share their news so we can celebrate or mourn with you. The tie that binds us is strong and supportive!

Mark your calendars for the 2007 biennial meeting. Hope to see you there!

With warm regards for all,

JIS
Stigers@showme.net

Resident Life
by Greg Sheppard, Chief Resident

The wedding bells have been ringing in the “clinic of love”, Dr. Matthew Lahair (2nd Year), and Dr. Diana Kozlowski (1st year) were both joined in the bands and brackets of holy matrimony on September 9, 2006. Although they did not actually get married to each other, they are both happy with their new spouses. Joe Guido (2nd year) also got married at the end of September and he also seems to be enjoying living in wedded bliss.

The second year residents are thoroughly enjoying second call, not having classes, and not being the low man on the totem pole. They are also trying to figure out their future plans, and coming to grips with the reality that this residency is not eternal. (275 days left!!)

Dr. Tammy Gierke, our resident bean expert, continues to fascinate us with her research which is coming along just swimmingly. She hopes to someday be able to place titanium implants in all edentulous newborns. She is still waiting for a journal to publish her results once she gets her data back from the biomagician. The wedding bells are not far off for Tammy who has only 276 days, 14 hours, 12 minutes, 33 seconds, 2 ticks and 3 tocks until her wedding to Dan/Ham/Chad (you pick which one). She is actively searching for a practice in Lexington, KY.

Dr. Joe Guido, recently saddened by his diagnosis of IBS, has been keeping the residents room warm and cozy. He keeps us well stocked on basil, and loves cold meat in the morning. He is truly a carnivore. He plans to practice in Colorado. If you want to get him a wedding gift, he is registered at pamperedchef.com for a meat-lifter.

Dr. Matthew Lahair, our Boston baked bean, is bemoaning the fact that the Red Sox are out of the playoffs and the Patriots chances aren’t looking very good either. Although he just, just, just has one question, he is enjoying newlywed life. He is planning on setting up his housing in Boston. He plans to go golfing with Dr. Heiny every week, so on and so forth...

Dr. Lisa Leniski (aka MAMA) has been trying to adjust to her crazy life as a new mom. She is also trying to find a practice in northern Indiana. Her new daughter, Natalie, has been the highlight of her life and the screen saver on our computer.

Dr. Greg Sheppard had a very special moment on the flight back from the review course in California. Through the extremely turbulent landing, Shep stared out the window of the exit aisle, and wondered to himself, “Where does Dr. Guido get his IBS treated?” He is a hopeless romantic and can often be heard crooning love tunes from the 80’s in the open bay. He plans to practice back home in Arizona and is currently looking for a practice in Phoenix.

Dr. Amy Westerman, the Air Force Captain, has us all up for morning drill at “O-dark 30”. After the flag raising and the playing of Reveille on her horn, the red-headed, band camp attending flute player is often seen doing one-handed pushups and running 5 miles. She plans on being sent to Antarctica after residency where the Air Force will equip her with a dogsled and an ice pick for extractions because even penguins have “fillings”. In reality, she will be either heading off to Italy or Japan for a two year assign- ment getting her fill of sushi or spaghetti.

We are so excited to have our new first year residents here:

Dr. Sam Bullard, always our hopeless romantic, loves long walks on the beach and sipping merlot while watching the sunset over Eagle Creek. On the cool evenings, he can be heard singing the Notre Dame fight song lullaby to his son Nicholas while his wife, Swati (a fellow Riley alum) feeds him grapes.

Dr. Danielle Haman Hyphen Smith is from “Lullville” where her husband practices as a general dentist. She goes to visit him often. If anyone is planning a trip from Indy to “Lullville” she is looking for a ride!

Dr. Brad Dawson, the class clown, hails from Las Vegas where the women are sweet and the 7-up is sweeter. He loves gambling, smoking, drinking and romantic movies with sappy endings.

Dr. Charlie Fuhrer is always quick with a smile, a joke or a light of your smoke.

Dr. John Patangan, from the navy, is the more outspoken of the group. He loves to engage us in a friendly debate about foreign policy and he loves to describe his battleship victories – “Anchors Away”!

Dr. Diana Kozlowski is the class secretary. She is newly married. Her angelic voice can be heard through the clinic singing the songs of Sesame Street. She has an uncanny ability to stop us in our tracks with her one-line “zingers”.

As you can see, ISTEP has given Dr. Sheppard way too much free time to write this, so until next time, life at Riley goes on...
Dental Assistants Name
Cathy J. Roberts President

(Chicago: August, 2006) BLOOMINGTON RESIDENT CATHY J. ROBERTS, has been inaugurated President of the American Dental Assistants Association at their recent conference in Denver. She is the holder of several dental certifications and dental assisting's highest educational award, Mastership in the ADAA.

Ms. Roberts has been an ADAA member for 32 years. She is a graduate of Professional Careers Institute of Indiana and received her Expanded Functions Dental Auxiliary Certificate from Indiana University School of Dentistry. More recently she received her Associate degree from Indiana University. She has served in every office of her local, South Central DAS in Bloomington, and is currently Legislative chair and Radiology Technology Certification chair of the Indiana Dental Assistants Association. Nationally she has been ADAA's Secretary and Vice President and a member of the ADAA Foundation Board and a director of the Dental Assisting National Board. Additionally she is an active member of the Alliance of the American Dental Association. She is also a Registered Parliamentarian.

Cathy Roberts has been an expanded function chairside assistant and office manager for the past 27 years in the practice of Dr. Keith Roberts, Bloomington, to whom she is married. She is the mother of Kelly Smith, herself a professional dental assistant and the stepmother of Walker Roberts, Beth Warner and Claire Haggan.

As leaders of the ADAA in the coming year, officers will work toward the adoption of legislation mandating credentialing for clinical dental assistants and greater Recognition of the assistant's role in the professional dental team. During 2007, they will preside over Dental Assistants recognition Week in March and the annual, national conference in San Francisco in September with the American Dental Association.

The ADAA is America's oldest, largest professional association serving dental assistants. It is dedicated to the development and recognition of professionalism through education, membership services and public awareness programs.

Arthur I. Klein Research Award Recipient

IUPDAA Board Meeting Minutes
Cincinnati, Ohio
May 26, 2006

Present for the meeting: Jenny Stigers, Barry Burgess, Leslie Tanimura, Bill Keaty, Jim Weddell, Chad Hazelrigg, Carol Jean Braun, Ralph McDonald, Brian Sanders, Jeff Dean, David Avery, Greg Sheppard, Karen Deery, and Pam Lovejoy

President Jenny Stigers called the meeting to order. The minutes from the biannual meeting on June 16, 2005, were approved and seconded.

Secretary/Treasurer Report: Dr. Tanimura gave the report. As of May 18, 2006, the total income is $5230.00 in the operating alumni account and the total expenses are $10,115.34. The fund balance is $4,109.18. (Note: Almost all funds are deposited in the McDonald Fund and then pulled out once a year out as needed). Additional funds deposited into the McDonald fund this year as of this meeting: AAPD suite donations ($1325.00), Adopt-A-Resident (12,500.00), and Annual donations (15,831.00) for a total of $29,656.00. In addition, Pam Lovejoy reported the McDonald Fund has a $235,000 market value as of last month.

Residency: Dr. Sanders reported there is usually one military person in each class for a total of 6 residents. The accreditation site visit will be from September 12-14. Last year, the residents started doing IV sedation with the dental anesthetists and the program seems to be working well. Dr. Weddell added that the department of anesthesiology does not have the capacity to be in the dental clinic.

Dr. Dean said Dr. Jones had accepted the appointment as division director and that Dr. Sanders is the program director, Riley Dental Clinic director, and president of the non-profit corporation. Dr. Weddell is overseeing the sedation and operating room cases. There is one open position currently and Dr. Jones is the search committee chairman. This position will involve some pre-doctoral responsibilities.

Dr. Dean also mentioned that the dental school budget for next year had just been released and that the state appropriation had been decreased about $400-430,000 out of the 14 million received each year. The university has also increased the tax assessment on the dental school and so the school is actually losing about $800,000 due to those two factors.

Dr. Dean noted that Dr. Jones is the head of the comprehensive pediatric dentistry fund raising campaign. Approximately $200,000 has already been committed and the campaign is just starting.

Dr. Dean said that Dr. Avery was the first occupant of the Ralph McDonald endowed professorship. Dr. Jones will be the next occupant and is currently working on board certification because the occupant must be board certified. The fund is generating $50-60,000 per year and it supplements the occupant's salary (1/3) and is used for things such as research initiatives, updating textbooks, and digital radiography (2/3). Dr. Dean proposed that we consider bumping the professorship up to a chair position. It would ultimately be the dental school's decision.

continued on page 5
Dr. Dean said the money for the second professorship is in the hand of the foundation. A large portion is in the form of gift annuity and some day, the division will get to use it. It has been recommended by Drs. Jones and Horwitz that an emphasis on research is made with this money.

Dr. Dean gave an update on the $1.2 million campaign. $600,000 would go towards the McDonald Pedodontics Fund. Other uses would be to bring in outside speakers and also to fund some international clinical experience for the residents.

Biennial Meeting (June 22-23, 2007): Dr. Burgess said that Ron Bell will be the speaker and that we need to tell him what to concentrate on. Dr. Burgess has spoken to reps from GC America, Unitek and Patterson in regards to offsetting expenses. Dr. Burgess suggested we open the meeting to anyone interested in attending. The Woodstock Club will be contacted regarding the Saturday evening dinner. A shuttle can run alumni to the dinner if they do not want to drive.

Dr. Keaty asked if the meeting could be an AAPD sanctioned event or how else could we get it on the website or newsletter.

Ralph McDonald Research Award: Dr. Stigers said our alumni association sponsored the award for outstanding graduate student research again this year. She has received a letter from Dr. Joel Berg, president of the AAPD Foundation, thanking the group. The award will be presented at the recognition lunch on Sunday. Historically, the winner is decided by the academy’s committee on scientific affairs. Next year, the foundation’s council on scientific affairs will decide the winner.

Baker Award: Dr. Dean said that last year a request was sent to the award originators asking for a $500 contribution to continue the award. The award was also sent to past recipients. He has received over $12,000 and this surpassed his goal. There are 5-6 antique sterling silver tongs purchased by the original group that are in his safe deposit box. Dr. Dean also mentioned that the original plaque is full and a new one could be bought with funds from that account.

Dr. Stigers said that residents receiving the McDonald award are given a plaque but there should also be a plaque hanging in the clinic. She suggested the alumni association buy a new plaque for the Baker and McDonald awards. Everyone present agreed and Dr. Dean will ask Donna to look into creating the McDonald plaque.

Dr. Avery reminded us that lists of recipients are in the last published directory.

Dr. Sanders’ Report: There have been no new faculty appointments. Dr. Weddell has kicked off the start of the Art Klein fund with a donation. The intent of this fund is for there to be a small monetary award given at the end of the first year of residency to the person who has made the most progress with his/her research. There is about $1500 in the account and the first award may be for $500. Pam Lovejoy is waiting for the legal agreement after which Dr. Weddell will make another donation so that the first award can be given next month. The money currently in the account cannot be spent.

Dr. Poland as liaison to the IUSD Alumni Association: Dr. Poland will have completed his first 3 year term in December. He is eligible to serve 2 terms. Dr. Poland will be asked to serve a 2nd term.

New Directory: Motion was moved, seconded and approved that we have a directory completed in 2007. Karen Deery said she would like to start working on the directory this summer because it takes months to put together.

Closing comments from the president: Dr. Chad Hazlerigg was welcomed as our newest board member. Dr. Stigers briefly reviewed his 14 year commitment: no obligations the first 4 years, then 2 years of being in charge of the suite, followed by responsibilities as secretary/treasurer, president-elect and then president.

Dr. Tanimura moved to adjourn the meeting. Motion was moved, seconded and approved.

Dr. Dean thanked Dr. McDonald for his editorial work.

Dr. Angela Pinkerton arrived at the meeting and gave an update on the second years’ plans.

Mark Your Calendar
for the 2007 IUPDAA Alumni Suite in San Antonio on May 24-28, 2007. Bill Keaty, the AAPD Alumni Suite Chairman, is working to secure a hotel for our alumni activities.

More information will follow after the first of the year.

From 1971 until 1974 he was Director of Pedodontic Services at Charles R. Drew Neighborhood Health Center and Coordinator of Dental Research at Children's Medical Center, Dayton, Ohio.

Dr. Dummett joined the faculty of the LSU School of Dentistry, Department of Pediatric Dentistry in 1974 serving as Department Head 2000 to 2006. He retired in 2006 and received the honor of Professor Emeritus.

Dr. Dummett was a member of the medical staffs of Children's Hospital and Charity Hospital of New Orleans, American Dental Association, American Academy of Pediatric Dentistry, American Association of Dental Schools, American Society of Dentistry for Children, Omicron Kappa Upsilon Honorary Dental Society, New Orleans Chapter of the American Association for Dental Research, Louisiana Dental Association, New Orleans Dental Association, Louisiana Academy of Pediatric Dentistry and was a Fellow of the American College of Dentists. He traveled widely lecturing both overseas and at many American dental meetings.

Dr. Dummett joined the New Orleans Yacht Club in 1979, the first African-American member. Racing his sailboat was his favorite hobby. Cliff and his crew were First in Fleet in the Great Lake Race two times, most recently in 2004.

Memorial Services will be held Saturday, October 7, 5 PM at Trinity Episcopal Church, 3552 Morning Glory Avenue at the corner of Stanford Avenue, Baton Rouge. Visitations 4 PM until the service. Reception to follow services in the church hall.

In lieu of flowers donations may be made to The Clifton O. Dummett, Jr. Memorial Lecture for the Pediatric Patient, in care of LACDE, Dr. Vince Liberto, 3636 I-10 South Service Road West, Suite 216, Metairie, LA 70001-6418; the Cliff Dummett Annual Scholarship, Earlham College, 801 National Road West, Drawer #193, Richmond, IN 47374; Hospice of Baton Rouge, 9063 Siegen Lane, Suite A, Baton Rouge, LA 70810.

T.J. Guthrie Remembered
(Dr. Guthrie's reprinted obituary)

T.J. Guthrie, DDS, 76 years, passed away Friday, August 25, 2006 after an extended illness. He was born on November 7, 1929, to L.C. and Hallie Guthrie. 'Tommy Joe' was raised in Wakita, Oklahoma. After graduating from Wakita High School, he went to Kemper Military Academy and on to the University of Oklahoma where he was a member of Kappa Alpha fraternity. From OU, he moved to Kansas City Dental College where he met the love of his life, Marian Cleveland. T.J. and Marian were married on June 17, 1954. T.J. graduated from dental school and served two years in the Air Force. He received his MSD in Pediatric Dentistry from the University of Indiana in 1958. T.J. and Marian moved to Oklahoma City in 1961 where he set up his dental practice and they raised their family. Dr. Guthrie received many awards and honors throughout his career. He loved to travel the world with his wife and children. In 2006, he and Marian traveled to Africa, Egypt and Turkey. He was preceded in death by his parents and his brothers Leonard and Charles. He is survived by his wife of Oklahoma City, his children Polly Wilson and her husband, Greg, of Durant, Betsy Brunsteter and her husband, Dub, Thomas Joe Guthrie and his fiancé, Evann Nazari, of Oklahoma City, Dr. Andrew Guthrie and his wife, Carla, of Edmond, and seven grandchildren: Regan, Whitney, and Piper Reynolds, Web and Halley Brunsteter, Matteo, Filippo, and Gianmarco Guthrie. His life will be celebrated in services at Chapel Hill Methodist Church on Hefner Road Monday, August 28, 2006 at 10:30 AM with burial at the Wakita Community Cemetery in Wakita, Oklahoma. SMITH & KERNKE 14624 N. MAY AVE Published in The Oklahoman on 8/27/2006.

Adopt-A-Resident Program

We are again looking for donors to help cover the cost for the residents attending the 2007 academy meeting. Full adoption is $1000. You may also partner with other alumni for $500 each. This is an increase from the previous amount of $800. The additional funds will allow the residents to attend the opening session. Adopt-A-Resident contributions are tax deductible. Thank you for your continued support of the Adopt-A-Resident Program.

Contact Karen Deery for details at 317-274-8959 or complete the form below and return it to the Alumni Office, 850 W. Michigan Street, Suite 241, Indianapolis, IN 46202-5198.

CALL FOR NOMINATIONS
THE INDIANA UNIVERSITY PEDIATRIC DENTISTRY ALUMNI ASSOCIATION
2007 DISTINGUISHED ALUMNI AWARD

The presentation of the Distinguished Alumni Award will take place during the IUPDAA Biennial Meeting. The recipient will receive the award at the installation dinner.

ELIGIBILITY
The Indiana University Pediatric Dentistry Alumni Association Distinguished Alumnus Award is presented to an individual in appreciation of dedicated service and unselfish loyalty to the Pediatric Dentistry Residency Program and in recognition of their professional achievements to the dental profession and the specialty of Pediatric Dentistry. Eligible nominees are dental graduates and resident graduates from the Indiana University Pediatric Dentistry Program who are current members of the Indiana University Pediatric Dentistry Alumni Association and who have exhibited the following:
1. Made significant contributions to pediatric dentistry.
2. Supports and participates in professional and community activities locally, nationally, and/or internationally.
3. Devoted extensive volunteer leadership service to the dental profession and to pediatric dentistry.
4. Demonstrates high professional standards and dedication.
5. Provides consultation to colleagues in the area of expertise.
6. Exhibits outstanding dedication to the advancement of the Indiana University Pediatric Dentistry Program and furthering the education of its current residents.

NOMINATION PROCEDURE
A member of the Indiana University Pediatric Dentistry Alumni Association may nominate alumni he or she considers has met the eligibility requirements. The nominating person must submit the following information for review:
Letter of nomination and the nominee’s curriculum vitae.
Distinguish Alumni nomination form.

SELECTION OF RECIPIENT
The Officers and Board of Directors of the IUPDAA will review all the submitted nominations and will select the individual who meets the above criteria.

DEADLINE
The deadline for acceptance of nominations is May 1, 2007.

DISTINGUISH ALUMNI NOMINATION FORM
Please complete the following information blanks. Please remember to include a letter of nomination and nominee’s curriculum vitae. Both pieces of information need to be received in order to continue the nomination process.

I nominate______________________, for the Indiana University Pediatric Dentistry Distinguish Alumni Award.

Nominee’s Address__________________________________________________________

Nominee’s Phone Number____________________________________________________

My name is_______________________________________________________________

My address is________________________________________________________________

My phone number is________________________________________________________

Send this form, cover letter, and nominee’s curriculum vitae by May 1, 2007 to: Ms. Karen Deery Jones, Executive Secretary, Indiana University Pediatric Dentistry Alumni Association, 850 W. Michigan Street, Suite 241, Indianapolis, IN 46202-5198. Phone: 317-274-8959, Fax: 317-274-6589

2007 Biennial Conference

We hope you plan to attend the 2007 Biennial Conference on June 22 - 23 in Indianapolis. Barry Burgess, 2007 Conference Chairman, has confirmed Ron Bell as our continuing education speaker. The Saturday evening dinner will be held in Woodstock Country Club. Many activities including tours and a golf outing are being planned for the weekend. The conference will be held in the newly renovated University Place Hotel on the IUPUI campus. The 19-year-old property completed a $13 million renovation in March of 2006. The transformation included a complete renovation of the hotel’s 278 guestrooms, remodeling of the property’s three restaurants, and the redesign of some of the space used for special events and banquets. Among the design changes for the hotel are complimentary high speed wired and wireless Internet access throughout the property. The hotel was recently named a 4 diamond hotel. To make hotel room reservations, please call 1-800-627-2700. Tell the reservation agent you are with the IU Pediatric Dental Alumni Group so you can receive our discount alumni rate. We urge you to make your hotel reservations as soon as possible. Look for the conference brochure to arrive in January.

Our Newest Alumni Family Member

Little Lucie Ella Mast, daughter of Cody and Kelley Mast, was born on Saturday, September 2nd at 7:04 p.m. She weighed 7 lbs, 6 oz. and was 20 inches long. Cody reported that both Kelley and Lucie were doing very well and their dogs were happy to have a little sister!
