Greetings to All. As 2008 comes to a close and we look to the brighter promises that 2009 holds, I again am so thankful for the privilege of being a member of the IUPDAA. The time that I have served on the Board and the last two years as President has been a special honor for me. A very special thank you is deserved and goes out to Leslie Tanimura for all her efforts with regard to planning our upcoming meeting in Hawaii. Congratulations also to Leslie on the birth of her twins.

In part as a result of your support through the IUPDAA, all of our residents will be able to attend the Hawaii meeting. I know this will be a very special event for them Jim Weddell is working on our alumni activities for our upcoming meeting. The suite will be open on Tuesday evening from 5:00 – 11:00 p.m. in Kauai where our annual auction/raffle will be held. We will also have our traditional suite during the AAPD meeting in Honolulu. The suite will be open Thursday – Saturday.

Please be aware that our annual contribution letter has been mailed recently. Your continued support is crucial for our future alumni events. Karen Deery-Jones, Senior Director of Alumni Programs, and her staff, play a vital role in our ongoing alumni functions. It is impossible for me to explain how much Karen does for our organization. A very special Thank You from me and all of our alumni.

Best wishes for the upcoming holiday season. I hope to see all of you in Hawaii.

A FOCUS ON RAY KLEIN

by Ralph McDonald
Reprinted from the Spring 2007 Newsletter

I offer a challenge to the Pediatric Dental Residents of the Classes of 2007 and 2008. Can you match the achievements of Dr. H. Raymond Klein, Class of 1964, during your first 40 years of practice?

Dr. Klein was recognized by his classmates and faculty members as an outstanding clinician. In his more than 43 years of practice, he has continued to provide outstanding restorative and preventive care for his patients. However, he has done much more for our specialty and the community.

Ray’s first goal after he entered private practice in Jacksonville, Florida, was to become Board Certified, which he did as soon as he was eligible. Each of you can and should meet that goal.

Without exception, our graduates have made outstanding contributions to the oral health of children but some, including Dr. Klein, have done much more for our profession. Ray’s list of achievements, in addition to being a full-time practitioner, is evident by the plaques and certificates on the walls of his office citing numerous contributions including:

- Past Regent, Regency III, American College of Dentists
- Past Chair. Florida Section of American College of Dentists
- Former Trustee, American Dental Association
- Past President, Florida Dental Association
- Past President, Pierre Fauchard Academy
- Past President, American Academy of Pediatric Dentistry
- Past President, Florida Academy of Pediatric Dentistry
- Distinguished Service Award Recipient, American Academy of Pediatric Dentistry
- Distinguished Alumnus of the Year, Indiana University School of Dentistry
- Dentist of the Year, Florida Dental Association
- Distinguished Service Award, Pierre Fauchard Academy

Dr. Klein has now completed his year as President of the American College of Dentists. When you meet Dr. Klein at the May AAPD Meeting in San Antonio, congratulate him and wish him “God Speed” for his continuing service to children and our profession.

A MESSAGE FROM RICK BLAKE REGARDING RAY KLEIN

This is a note to let you know the status of Ray Klein’s practice. I was called by the family and office to go to Jacksonville, and assist in the transition. I am working in the office, maintaining Ray’s practice during this transition period. I have engaged Harry Bopp, from Lakeland, to assist me in this process. Two Indiana Graduates helping out another Indiana Grad. We all owe a great deal to the life’s work in organized dentistry that Ray committed himself. I would suggest that no other Pediatric Dentist in the private sector has done more to advance our specialty. We all owe Ray a great deal of gratitude.

His wife, Renee, is so grateful to all of you who have shown your respects during this time.

If anyone would like to show your appreciation and support, you can reach me at: no2thdk4me@aol.com

Rick Blake,

hebopp@aol.com
Dr. Jenny Ison-Stigers, immediate past President of IUPDAA, received well deserved recognition and awards at the Washington, D.C. meeting of the American Academy of Pediatric Dentistry. At the General Assembly, Dr. Stigers was elected Examining Member of the American Board of Pediatric Dentistry for a six year term. She will participate in the examination of candidates for Diplomate status of ABPD. This year, Dr. Stigers and the six members of the Board will examine approximately 200 post-doctoral candidates who are eligible for Diplomate status.

The Pediatric Dentist of the Year Award was presented to Dr. Jenny Stigers. This award, established in 1998, honors a pediatric dentist who has made significant contributions to the dental profession and the specialty of pediatric development. At the award presentation, many of Dr. Stigers’ contributions were mentioned including, Managing Editor of the AAPD Reference Manual; Member of the AAPD Advisory Council Examination Committee; Consulting author of AAPD Handbook of Pediatric Dentistry; Missouri Dental Pediatric Dentistry Examination Committee; AAPD Council on Clinical Affairs; President, Kentucky Association of Pediatric Dentistry 1994; AAPD Leadership Institute Graduate 2006; and Merle C. Hunter Leadership Award 2004.

Shown in the photo to the left of Dr. Stigers is Healthy Smiles and Healthy Child President, Dr. Paul Kennedy and Jason Johnson, Manager of New Smiles Primary Crowns Company who sponsored this award.

Dr. Stigers is the second member of our Alumni Association to receive the Pediatric Dentist of the Year Award. Dr. Charles Poland received this honor in 2000.

Dr. McDonald and Dr. Stigers congratulate Dr. Carolyn Coppi, recipient of the Ralph E. McDonald Graduate Student Research Award. The graduate Student research award finalist was judged to have accomplished the most outstanding research project based on a combined score of abstract, manuscript and oral presentation. This award is sponsored by IUPDAA.

recently, Ray & I were blessed to be able to spend ten years together on the Board of the American College of Dentists. Coincidently, both of us were eligible to run for president the same year. Ray, unselfishly, stepped aside and insisted that I run for the presidency and he would run for treasurer, even though this would add two more years to his tenure. This was the epitome of Ray...considerate, generous and thoughtful in his actions toward others. I did run and became president, with Ray following in that position 2 years later. Ray finished his presidency just last year. After many years of dedication to serving professional organizations, he was looking forward to staying a bit closer to home and spending more time with his family.

Ray’s accomplishments were numerous. His love of dentistry led him to become extremely active in numerous dental organizations benefiting the profession. He was president of the following professional organizations: The Pierre Fauchard Academy, The American Academy of Pediatric Dentistry, The Florida Dental Association and The American College of Dentists. Additionally, he served on the Board of Trustees of The American Dental Association. In his pursuit, Ray’s travels took him to 48 of the 50 states as well as many foreign countries. What an ambassador!

He, too, was honored with a number of distinguished awards, notably the service award from the American Academy of Pediatric Dentistry, the President’s Award and the Dentist of the Year Award from the Florida Dental Association. Lastly but not least, he was presented with the Distinguished Alumnus Award from Indiana University School of Dentistry.

I’m sure that those of you who knew Ray have your own stories to tell about his humor, wit and friendship and what it meant to you. He touched most of our lives in a very positive way.

It’s hard to realize that the rest of my life will be lived without the blessing of Ray Klein’s friendship. But sometime, in the not-so-distant future, I will be stepping across the threshold into the heavenly confines and will once again see my old friend, Ray.

Respectfully Submitted
B. Charles Kerkhove DDS, MSD
Greetings from the residents at Riley! With great sadness (not really) we sent off the graduating class of 2008 after an exciting year of following their lead and asking for advice. This year is off to a great start as we are three months into the first and second year curriculum. The first year residents have completed their core courses and are getting up to speed in clinic and rotations. Second year residents are recovering from a long and busy summer only to have research projects and future practice decisions looming on our minds.

As we welcome this new resident class, I would like to introduce this spectacular crew and give you an update on the over-achieving second year class.

**First Year Residents:**

Sean Beattie – Bringing some culture to the program, Sean ventures from a small town in Canada known to the locals as Exeter (Southwestern Ontario). Semi-famous in the area, he is the reigning province fair curling champion and legend. We only hope he will teach us the art of this grueling and athletic sport. Sean attended Marquette University Dental School and completed a GPR in New York prior to coming to Indiana. When he is not curling, he enjoys golf and discussing his deep thoughts.

Julie Quinn – Oh Julie Quinn….from some small state up in the northeast (Dover, DE), Julie is the daughter of alumnus Dick Quinn and the youngest of 5 children. She allegedly attended dental school at the University of Maryland and completed a GPR prior to beginning our program. Julie enjoys painting, pottery, singing a cappella, and skinny skiing. We are happy to have her contagious laugh and humor each day at Riley.

Adam Rector – Adam is a fellow Indiana University School of Dentistry grad. He was born and raised in Muncie, IN, where his dad is a pediatric dentist. Adam is the proud recipient of the Dr. Weddell bobblehead for being his first victim in the OR as a first year resident (many of you understand). He has taken that position with stride. Adam also really enjoys emergency call and often says he would offer his services to any alumni on holidays. In his free time, he enjoys quick jaunts to Vegas and public speaking whenever possible.

Julie Steinmetz – Finally someone to make Amy feel tall….is Julie. She is from a small town outside of Columbus, IN with a population of about 7. Also an Indiana University School of Dentistry grad, she has aspirations of taking over Dr. Bell’s dentistry dominance in southern Indiana and his position in the NRA. Julie is happily married with a wonderful little boy, Sam. Julie loves playing with her son, spending time with family, and skeet shooting (NRA thing).

Nicole Weddell – The perfect circle of Weddells is complete at Riley with the addition of Nikki. She is the middle daughter of alumnus and staff member James Weddell and sister of second year resident Lauren. Representing the third member of this class from Indiana University School of Dentistry, Nikki really enjoys working with kids and volunteering on mission trips. Nikki enjoys any kind of skiing, IU basketball and football, and for some reason has always been in love with legend IU basketball star, Uwe Blab.

**Second Year Residents:**

Marc Ditto – This summer has been extremely busy as my wife and I proudly welcomed a new daughter, Lydia, to the family. We now have two kids under 2 years old who make the end of the day more hectic than residency at Riley. I am enjoying being Chief Resident although I am always told I have big shoes to fill from Charlie (don’t understand that one). Away from clinic, I enjoy spending time with my family, the occasional round of golf when I get the hall pass from my wife, and snow skiing. I am looking forward to joining my Dad’s practice in Lafayette, IN after graduation.

Cody Hughes – Recently back from a 3 month summer vacation, Cody is back in action papaoozing and taking names. He was dearly missed as I was surrounded by women residents and assistants all day. With anticipation, Cody and his wife, Amy, are expecting the birth of a son in January to add to their family. When away from Riley, Cody enjoys

spending time with his family, getting dominated in golf by me, and getting dominated in Nintendo Wii by his wife. It’s tuff being Cody. Go Thunderbirds!!

Amy Nguyen – Now the second shortest resident, Amy, loves her time in Indiana. She still says she is going back to California, but I feel this winter may change her mind to stay in Indiana now that she has learned to drive in the snow. With our advice, she has now traded in “The Club” for tire chains. Amy enjoys flying back to LA every other weekend to see her family and friends (if we weren’t good enough). If you ever need celebrity gossip updates, you can always call Amy for clarification.

Lisa Porapaiboon – The veteran of the second year class, Lisa amazes me with her lack of complaints and whininess. I always get a kick of listening to her spell her name on the phone and her rants in the resident room. An avid outdoorswoman, she ventures back to Colorado in the summer and winter when possible. Lisa has recently become a proud aunt as her sister, Kim, welcomed a daughter to the family. She is still undecided on her practice location, but one thing is for sure is her desire to work 6-7 days per week. Oh, and her love for research will always be the focus of her practice.

Lauren Weddell – Lauren keeps us all in line and makes us feel like procrastinators on our research projects. If it wasn’t for Lauren, we would all feel like we are getting things done. She is the proud owner of a new home with a large yard for her two dogs. Lauren still enjoys running great distances as she runs more in one week than I do all year. She is looking forward to starting practice in Indianapolis after graduation.

The residents would like to thank the staff at Riley and Alumni Association for another great year. We are so appreciative of your continued support and generosity towards our program and education. We look forward to this year and the opportunities that are available through your involvement. Until the next issue, rest assured life at Riley is going well as we are hard at work developing our skills to survive in the real world of practicing pediatric dentistry.

Mexico Trip

In February 2008, Residents Dr. Brad Dawson and Dr. Lisa Porapaiboon accompanied Dr. Jim Jones to Mexico to participate in a dental mission trip along with Dr. Bill Keaty and his staff. They flew into Acapulco, but the mission was conducted in a remote village they traveled to by bus. A second trip to Mexico is being planned for February 2009. Residents Dr. Marc Ditto and Dr. Nicole Weddell will be on the next trip.

Do We Have Your Email Address?

We are trying to collect as many emails as possible. We have been sending emails to alert members about association news including events, member’s deaths, and other association business. If you would email Karen Deery-Jones with your email address, she will add it to our database. Her email is kdeery@iupui.edu. Thank you!
On August 24, 2008, Dr. Leslie Tanimura welcomed two new additions to her family. Congratulations!

Her daughter: Avery Itsumi (her mother’s name) Tanimura
Weight: 6 pounds, 6 ounces
Length: 17 1/2 inches

Her son: Andrew Katsumi (her father’s name) Tanimura
Weight: 6 pounds, 2 ounces
Length: 17 3/4 inches

Adopt-A-Resident Program

We are again looking for donors to help cover the cost for the residents attending the 2009 Biennial Conference and the American Academy of Pediatric Dentistry meeting in Hawaii. Full adoption is $1000. You may also partner with other alumni for $500 each. The cost is much greater to take all the residents to Hawaii so any help you can provide is greatly appreciated. Funds will help pay for the residents air fare, hotel, registration fees and opening session. Adopt-A-Resident contributions are tax deductible. Thank you for your continued support of the Adopt-A-Resident Program.

Contact Karen Deery-Jones for details at 317-274-8959 or complete the form below and return it to the Alumni Office, 850 W. Michigan Street, Suite 241, Indianapolis, IN 46202-5198.

This is a brief update on the status of the Starkey Research Professorship. With the continued help and assistance of Drs. Ron Ditto and Burt Horwitz, progress toward reaching our goal is strong. The following is a list of those individuals that have either sent their pledge in full or have arranged payment over a defined time period. Pledges to date total approximately $275,000 (an increase of approximately $30,000 since 3/31/08). Many alumni have been contacted and have verbally committed to giving but have not returned their forms as of this date. The list, and giving levels, of those individuals contributing to the campaign are as follows:

**Dr. Paul E. Starkey Research Professorship**
(This includes gifts and pledges as of 9/30/2008)

**$25,000**
- Dr. and Mrs. Roland R. Ditto
- Dr. Burton A. Horwitz
- Dr. and Mrs. Brian D. Lee
- Dr. Paul E. Starkey
- Dr. Paul M. Yim

**$10,000 - $19,999**
- Drs. Carol and Ken Braun
- Dr. Donald E. Gardner
- Dr. and Mrs. Daniel N. O’Brien

**$5,000 - $9,999**
- Dr. Harry E. Bopp
- Dr. and Mrs. Stephen R. Branam
- Dr. and Mrs. Jeffrey A. Dean
- Dr. and Mrs. Stanley C. Herman
- Dr. and Mrs. James E. Jones
- Dr. W. Randall Long
- Dr. Ralph E. McDonald
- Dr. and Mrs. Phillip R. Pate
- Dr. and Mrs. Brian Sanders
- Dr. Frederick H. Simmons, Jr.
- Dr. and Mrs. James A. Weddell

**$2,500 - $4,999**
- Dr. L. Rhett Fagg
- Dr. and Mrs. Richard M. Quinn

Please be patient in that all Alumni have not, as yet, been contacted. We are calling each individual to discuss the importance of this campaign for the long term success of the Department. The Goal for the Campaign is $600,000 to establish the Professorship in Dr. Starkey’s name. It will take time, but with your continued support, I am sure we will attain our goal. If you would like any additional information concerning this effort, please contact me at your convenience. My number at Riley is 317-274-9604. I hope to see many of you at the AAPD Meeting in Hawaii.
Graduate Program Update

by Brian Sanders
Professor of Pediatric Dentistry
Director, Riley Dental Clinic
Director, Advanced Education Program in Pediatric Dentistry

We have an exciting new group of first year residents. Dr. Sean Beattie, a 2005 graduate of Marquette University, originally from Canada, had his greatest difficulty on the first day of the program getting through customs. Since 9/11 it is more difficult for non-US citizens to participate in residency programs as Sean can attest to. Julie Quinn, a 2007 graduate of the University of Maryland has reluctantly accepted the fact that you cannot get fresh crabs from Morris Reservoir. Dr. Julie Steinmetz, a 2008 graduate of Indiana University has given everyone in the program an education into the life of a farm girl from Southern Indiana. Dr. Adam Rector, a 2008 graduate from Indiana University, keeps telling his classmates that his favorite course is “Growth and Development.” Dr. Nicole Weddell, also a 2008 graduate of Indiana University, is out to prove that all dental residents do not have to live off cheese pizza during the program.

The second year residents are hard at work, although with three of them having parents or siblings that are graduates of our Pediatric Residency program, (Drs. Marc Ditto, Lauren Weddell and Lisa Porapaiboon) it gets a little confusing which one you are asking for. Dr. Amy Nguyen has given up getting patients to say her name correctly and for that reason Dr. Cody Hughes has kept it simple for those of us that have trouble remembering names.

Speaking of Dr. Hughes, he required an unexpected surgery that kept him out of the clinic for three months. We are happy to have him back. Dr. Hughes’ presence is greatly appreciated by the faculty but more importantly his classmates. They keep reminding him that he “owes them big time”.

Two of our residents, Drs. Marc Ditto and Nicole Weddell, will once again participate in a Mission trip to Mexico in March of 2009, with Dr. Bill Keaty and his staff. Last year, Dr. James Jones, Dr. Lisa Porapaiboon and Dr. Brad Dawson participated in a similar mission. Although they worked extremely hard, everyone agreed it was a worthwhile experience. We hope to make this a yearly feature of our program.

The graduating class of 2008 was the first year of a required certificate and Masters in Pediatric dentistry. Five of our six 2008 graduates, Dr. Sam Bullard, Dr. Charles Fuhrer, Dr. Diana Kozlowski, Dr. John Patangon, and Dr. Haman-Smith successfully completed both their certificate and Masters Degree by June 30, which was no small feat. Dr. Brad Dawson, who is in the dual Pedo-Ortho program has almost completed his Masters in Pediatric Dentistry (it should be completed by the time this is in print) and will be getting a second Masters once he has finished the Orthodontic program in 2010.

CLASS OF 2008

The Class of 2008 at the Hail & Farewell Luncheon.
Left to right are Diana Kozlowski, Danielle Haman-Smith, John Patangon, Charles Fuhrer, Brad Dawson, and Sam Bullard.
A yearlong celebration for the 40th Anniversary of IUPUI will begin with a kickoff event at the Campus Center on January 28, 2009. The campus was officially launched on January 28, 1969. The logo as shown has been created to use on events and publications throughout the year.

Over the next several months a 40th Anniversary website will be unveiled. Alumni are encouraged to visit the website to learn of upcoming events, participate in requests for stories about their experiences while a student, and many other fun activities.

FAMOUS TEXTBOOK SHARES 40TH BIRTHDAY WITH IUPUI

Not long after IU pediatric dentist Dr. Ralph McDonald accepted the deanship of the IU School of Dentistry, he published a textbook that would put the school in top-tier leadership circles in the international field of pediatric dentistry. Dentistry for the Child and Adolescent’s 1st edition was published the same year that IUPUI officially became a campus, in 1969.

Over the years, Dr. McDonald collected two IU dental school co-editors for his highly successful book – Dr. David Avery joined him for the 3rd edition in 1978, and Dr. Jeffrey Dean, the dental school’s current Executive Associate Dean, for the 8th, and most recent, edition. With publication of the 7th edition in 2000, this remarkable textbook surpassed all other pediatric dentistry texts in the nation in number of editions. The text has been translated into Japanese, Russian, Portuguese, Spanish, and Hindi. The three men are currently hard at work on their 9th edition.IUPUI will be celebrating its 40th Anniversary in 2009.
