Participation in Volunteer Civic/Community Organizations:

PREVIOUS: America Counts Math Coach, America Counts Team Leader (Sam H. Jones), America Learns, I have worked with Americorps in created and implementing many programs. We started a program called Shoot-to-Score, which was a basketball program. We acquired a grant to fix up, paint and provide games for the recreational room at a nursing home. We also started a Friday night program to get teens off the streets. I was a junior day camp counselor at my Neighborhood Center. I volunteered at a homeless shelter serving Thanksgiving Dinner for 3 years. I participated in "The Day of Caring" for many years. I also volunteered in many other activities such as collecting toys for low income families, participating in the second helpings food program, Preschool festivals, etc. I have also volunteered in the community by cleaning up the environment, planting trees, assisting the elderly with snow removal, mowing grass, raking leaves, and many more. Assisting in AutoCAD, In high school I created Architectural plans in the Career & Technology Center Architectural Drafting using AutoCAD class that were used to build houses by the school. I designed the podium for the 2004 Swimming Olympics held at the RCA Dome. I have worked part-time for many different small construction companies.
